Book Synopsis:

Something is wrong with Marianne. It's not just that her parents have split up, or that life hasn't been the same since she quit dancing. Or even that her mother has checked herself into the hospital. She's losing time. Doing things she would never do. And objects around her seem to break whenever she comes close. Something is after her. But a first attempt at an exorcism calls down the full force of the thing's rage. It demands Marianne give back what she stole. And Marianne must uncover the truth that lies beneath it all before the nightmare can take what it think it's owed, leaving Marianne trapped in the darkness of the other side.
