Book Synopsis:

New York Times bestselling author Anne Bishop returns to her world of the Others, as humans struggle to survive in the shadow of shapeshifters and vampires far more powerful than themselves...After a human uprising was brutally put down by the Elders—a primitive and lethal form of the Others—the few cities left under human control are far-flung. And the people within them now know to fear the no-man’s-land beyond their borders—and the darkness...As some communities struggle to rebuild, Lakeside Courtyard has emerged relatively unscathed, though Simon Wolfgard, its wolf shifter leader, and blood prophet Meg Corbyn must work with the human pack to maintain the fragile peace. But all their efforts are threatened when Lieutenant Montgomery’s shady brother arrives, looking for a free ride and easy pickings. With the humans on guard against one of their own, tensions rise, drawing the attention of the Elders, who are curious about the effect such an insignificant predator can have on a pack. But Meg knows the dangers, for she has seen in the cards how it will all end—with her standing beside a grave
