Book Synopsis:

"I have dirty things on my mind and they all involve Rebecca Radley." A chance meeting with a stranger in a bar leads to a scorching hot encounter that's exactly what Rebecca needs. Sensible decisions have brought her nothing but heart-ache in the past, and giving in to the sexy green-eyed man seems like the perfect way to exorcise her demons. And what an excellent job he does too! The trouble is that dirty little secrets have a habit of surfacing. Who knew a one night stand with a stranger would be this complicated? Taken by a Stranger is the first part in the four part Billionaire Behaving Badly Series, intended for 18+ lovers of sexy, alpha, uber-rich men with dirty mouths and a penchant for naughty bedroom antics. You've been warned in the best possible way!
