Book Synopsis:

Steering clear of relationships has never been difficult for demolitions expert Cole Bowen, but now, with his brother's engagement sending the female population into full-blown hysterics and the town of Alden's month-long festivities helping along, he finds himself in hell. When he discovers Alden's new resident and the object of all his wet dreams, Christine Sheridan, has sworn off relationships and is going to hire a gigolo to get professionally laid, he decides to kill two birds with one stone. Christy is so not drinking again. Thanks to José Cuervo she has her friends signing her up for stud conventions and Cole frigging Bowen offering sex in exchange of fake dates, which is so out of the question it isn't even funny. She knows the domineering man will push her boundaries, and after battling all her life with self-esteem issues, she isn't ready for that. Too bad he won't take no for an answer. Cole is determined to strip away all of her defenses but refuses to lower his ever-present walls, so when Christy realizes she wants more, she's left with only two options; walk away or crack his shield and risk her heart in the process.
