Book Synopsis:

Gabriella Carmichael has always tried to find her place in the world, but being raised as half-human/half-vampire she doesn't quite know where she fits in, until she meets Grayson. Grayson Alexander is one of the most influential men in New York. When he runs head on into Gabriella, he doesn't quite know how that one event will change his world. Gabriella knows that being involved with a human is strictly forbidden, even though she's part human herself, and begins to fear for Grayson's safety especially when the head of her nest, Anton, makes a play for her affections.
