Book Synopsis:

First in a new series about a struggling Montana ranch, a woman determined to save her family, and the NHL-star-turned-cowboy who makes it all possible. Mel Shaw is determined to keep her family ranch from going under, so she takes on a job helping some city slicker get his old ranch up and running. And if that means being in tight quarters with the hot NHL-star-turned-cowboy? Well, she did say she'd do anything for family. After leaving his NHL career behind, Dan never expected to find a home on his rundown Montana ranch, but with Mel guiding the way, he finds that and so much more...
