Book Synopsis:

The #1 New York Times bestselling author returns to the world of Mistborn with the follow-up to *Shadows of Self* With *The Alloy of Law* and *Shadows of Self*, Brandon Sanderson surprised readers with a *New York Times* bestselling spinoff of his Mistborn books, set after the action of the trilogy, in a period corresponding to late 19th-century America. Now, with *The Bands of Mourning*, Sanderson continues the story. The Bands of Mourning are the mythical metal minds owned by the Lord Ruler, said to grant anyone who wears them the powers that the Lord Ruler had at his command. Hardly anyone thinks they really exist. A kandra researcher has returned to Elendel with images that seem to depict the Bands, as well as writings in a language that no one can read. Waxillium Ladrian is recruited to travel south to the city of New Seran to investigate. Along the way he discovers hints that point to the true goals of his uncle Edwain and the shadowy organization known as The Set.
