

# (Jo VonBargen) DOWNLOAD Over Fifty: Shades of Grey - [PDF EBOOK EPUB KINDLE]

## Book Synopsis:

This short story is a parody on the first chapter of E.L. James' "Fifty Shades of Grey" and is entirely fictional. The characters in no way represent, depict, or otherwise role-play anyone living, dead, or living with the dead. In point of fact, it has never happened, could never happen, and probably should not have been written.
