Book Synopsis:

There's a first for everything. When you build up something in your mind—really imagine it, wish for it—sometimes, when it actually happens, it doesn't live up to your expectations. True love is nothing like that. Especially not for Katherine and Michael, who can't get enough of each other. Their relationship is unique: sincere, intense, and fun all at the same time. Although they haven't been together all that long, they know it's serious. A whole world opens up as young passion and sexuality bloom. But it's senior year of high school, and there are big changes ahead. Michael and Katherine are destined for another big "first": a decision. Is this the love of a lifetime, or the very beginning of a lifetime of love?
