Book Synopsis:

A captivating novel about two extraordinary teens, and the unsolvable problem of life after high school. Sophia is smart, like genius-calculator-brain smart. But there are some things no amount of genius can prepare you for, and the messiness of real life is one of them. When everything she knows is falling apart, how can she crack the puzzle of what to do with her life? Joshua spends his time honing magic tricks and planning how to win Sophia's heart. But when your best trick is making schoolwork disappear, how do you possibly romance a genius? In life and love, timing is everything. From Melissa Keil, the award-winning YA author of *Life in Outer Space* and *The Incredible Adventures of Cinnamon Girl*.
