Book Synopsis:

Charlie West just woke up in someone else's nightmare. He's strapped to a chair. He's covered in blood and bruises. He hurts all over. And a strange voice outside the door just ordered his death. The last thing he can remember, he was a normal high-school kid doing normal things--working on his homework, practicing karate, daydreaming of becoming an air force pilot, writing a pretty girl's number on his hand. How long ago was that? Where is he now? Who is he really? And more to the point . . . how is he going to get out of this room alive?
